### GRIVEN goes green with its new photovoltaic system

Following the "green wave" of bio-construction and bio-architecture, GRIVEN has successfully pioneered the use of the photovoltaic technology in Italy, integrating in its factory a brand new, certified photovoltaic system, which has been fitted on top of the roof structure. This alternative energy solution will allow GRIVEN to completely rely - from now on - upon a fully independent energy...

### PARADE-*i* -PIX 12 at PLASA/09

PARADE-i-Pix 12 is a powerful LED modular bar that enables an endless layout of patterns and graphics display. Mounted on large surfaces, TV theatres and live-show stages, PARADE-i-Pix 12 can also be used to screen low resolution video-footage and shining set designs owing to its capability of driving each single full-colour LED independently. GRIVEN is proud to offer the professional lighting designers...
